Supplementary Claims from Lists

Eastern Front [Ostfront]
July-December 1944
Issue I

These Luftwaffe Fighter Claims are extracted from BA-MA 35-mm. micro-films, and are supplemented by Claims from other published lists and MSS, to provide what is a daily log of some of the air battles of the Second World War of 1939-45. The lists in the Films were, in ninety-nine per cent of cases, hand-written by members of the Personnel Department under the Chief of Training and Discipline within the realms of the Oberkommando der Luftwaffe.

Some of the Films are of poor quality, being under-exposed and difficult to read. So, with these factors in mind, the Editor craves forbearance, and asks for assistance and support in the building of this task. The "working" Lists are not definitive, are open to constant debate, amendment and correction, and are the responsibility of the Editor for the edification of students, air-historians and friends. Some notes:

1. The BA-MA films cover Claims of crews of Day-Fighters, Night-Fighters, miscellaneous units, and Flak Batteries on all Fronts from September 1939 to the end of December 1944. The Films roughly form three parts: [A] Handwritten Daily Logs [severely limited and often duplicated until about the beginning of 1943]. [B] Typed lists of the 'Übersicht über bisher anerkannte Abschüsse' or, roughly, 'lists of confirmed kills known hitherto'. These omit the important crash-locations, and usually cover claims to about mid-1942 only. And, [C] hand-written Daily Logs of Claims which cover, solely, the unit, the date and time, and the RLM Confirmation Number.

2. Terms. Date, Name, Unit and Type normal. Locations in various forms: a. geographical position. b. map reference. c. Luftwaffe Gradnetz [Fighter-Grid]: e.g. 05 Ost S/GU-5 is Hannover City Centre. Time in German Time: either CET or CET+1. Film Reference marks the BA-MA film identification. Anerk: = Anerkennung [Acknowledgement] or Confirmation certificate number. VNE = Vernichtung nicht erwiesen = Destruction not yet proven. ASM = Anerkennung später möglich = Confirmation to be later decided. Abgelehnt = Denied. i.Zus.Arb. = im Zusammenarbeit = in collaboration with. im Zus. = im Zusammenwirken = in cooperation with. Other names. HSS = Herausabschuß = Shoot-out i.e. enemy aircraft separated from the protection of its formation. e.V. = endgültige Vernichtung = Final Destruction i.e. shooting-down of a straggler previously separated and damaged from its formation as a Herausabschuß [HSS]. w.b. = wirklich beschossen = well shot-up or damaged. o.Z. = ohne Zeuge = without witness.

3. Co-relation of OKL Films to Published Lists and Manuscripts to avoid duplication is indicated thus: [A] The number attached to the pilot's name is his Abschuss tally as indicated in the Published List. [B] n.L. = not Listed. [C] Asterisk * indicates date and/or time uncertain within the List itself.

4. The end of this document gives details of Issue and Amendment Numbers, dates, and the References of the Films and various Published Lists.

Achtung! Sämtliche mit einem "X" gekennzeichneten Abschüsse sind zur Vervollständigung der Unterlagen an die zuständige Einheit zurückgesandt worden, da hier nur die Abschußmeldung vorlag.

Note: January 1944: Claims of JG 51 and JG 52 duplicated in Film V. 2025 Teil II.
